PT, PAKAYA DWIPANTARA INDORAYA

Delivering Indonesia's finest commodities to the world

# About the Company

PT. Pakaya Dwipantara Indoraya is a dynamic Indonesian trading company specializing in high-quality agro-commodity products. With a vision to bring the authentic flavors and natural richness of Indonesia to the global market, we are committed to excellence, integrity, and sustainability.

Our company bridges the gap between local farmers and international buyers by ensuring consistency in quality, reliable supply, and professional service. Rooted in Indonesia's abundant natural resources, we take pride in offering commodities that not only meet but exceed global standards.

# Our Products

## 1 **Fried Shallot**

Crafted from the finest Indonesian shallots, our fried shallots are delicately golden, crisp, and aromatic. They enhance culinary creations with authentic flavor and are widely used in Asian cuisine as a premium garnish and seasoning.

## 2 **Fried Garlic**

Our fried garlic is carefully prepared to deliver a crunchy texture and savory aroma. Perfect as a topping or ingredient, it adds depth and richness to both traditional and modern dishes, making it a versatile choice for global markets.

## 3 **Bitter Beans (Petai)**

Known internationally as bitter beans or stink beans, our premium-quality Petai is freshly sourced and hygienically packed. Valued for its unique taste and nutritional benefits, Petai is a highly sought-after commodity in regional and global markets.

# Our Products

4

## **Banana Leaf**

We supply fresh, naturally preserved banana leaves, widely used for food wrapping, decoration, and traditional culinary applications. Their natural flexibility and fragrance make them indispensable in many Asian and tropical cuisines.

5

## **Ketapang Leaf (Indian Almond Leaf)**

Our Ketapang leaves are carefully selected and dried, catering to both aquaculture and herbal industries. Renowned for their natural tannins, they are widely used to maintain aquarium water quality and for traditional remedies.
